## 2010 Reflections Award Recipients

### 2009-2010 Theme – “Beauty is ...”

The National PTA Reflections Program is an arts recognition and achievement program for students. The Reflections Program provides opportunities for students to express themselves creatively and to receive positive recognition for original works of art inspired by a preselected theme, while increasing community awareness on the importance of the arts in education.

The Reflections Program was established in 1969 by National PTA board member Mary Lou Anderson. Since that time, more than 10 million students have participated in the program. The program’s longevity and participation figures attest to its strength. The excitement and enthusiasm that the program generates for children, parents, schools and communities is unmatched.

Participation and appreciation for the arts is the goal of the Reflections Program.

Participation in the Reflections Program is a great way for students to explore and learn about various art forms. Creating art is a valuable learning process that challenges students to use their critical thinking skills as well as their creative talents to create art that supports a specific theme. Participation in the California Reflections program is open to all students in attendance at PTA/PTSA schools where the program is sponsored.

Students submit original artwork in any of the six arts areas listed below.

- Literature
- Musical composition
- Photography
- Visual arts
- Dance choreography
- Film/Video production

Participation in the Reflections Program is organized by school grade. Student works are critiqued against others in the same grade division. This allows recognition and judging of artworks by appropriate developmental age and skill levels. The four grade divisions are as follows:

- Primary Preschool Grade 2 or up to age 7
- Intermediate Grades 3-5 or ages 8-10
- Middle/Junior Grades 6-8 or ages 11-13
- Senior Grades 9-12 or ages 14 and up

The Reflections Program is structured for PTAs to recognize students at the local unit, council, PTA district, state and national levels. Entries are first judged at the local unit level, where selected works are chosen to represent the PTA at each subsequent level. Once entries reach the level of the California State PTA, entries may be selected for submission to the National PTA. Award of Excellence and Awards of Merit are recognized at the annual National PTA convention and are displayed as part of the program’s traveling exhibit.

#### FUTURE REFLECTIONS PROGRAM THEME

The National PTA is looking for a theme for its 2011-2012 Reflections Program. A student’s suggestions for the theme ideas may be sent to the California State PTA by the individual student or by a local PTA/PTSA. The theme may include a wide variety of subjects that will appeal to students in preschool through grade 12. The winning student will receive \$100 and recognition at the National PTA Convention held in June. See [www.capta.org](http://www.capta.org) for more information.

## Dance

**PRIMARY** **Karah Lee** – Grade 1, Age 6  
Towers Elementary School, District 33

### **Beauty is Becoming a Butterfly**

*Beauty isn't something that is just pretty. Some people think that caterpillars are not pretty. But one day that same caterpillar that crawls around on the ground in the dirt will become a big beautiful butterfly that flies over everyone's head. Now that is beauty! In my dance, a caterpillar spins a cocoon, and a butterfly slowly pushes it-self out of the cocoon and flies with its new wings.*

**INTERMEDIATE** **Julianna Yonis** – Grade 5, Age 10  
Cornerstone Elementary School, District 33

### **Beauty is...How you Feel!**

*My statement is that beauty is ... how you feel about yourself. I chose the song "Beautiful" because it reflects this idea. It starts in a scene of frustration and progresses to happiness ... and beauty.*

**MIDDLE-JUNIOR** **Devina Sen** – Grade 6, Age 11  
Foothills Middle School, District 1

### **"What a Wonderful World" ... Odissi Style**

*Hi, my name is Devina Sen and what you will see is my Odissi dance interpretation of Louis Armstrong's "What a Wonderful World." Odissi is a classical dance form which originated from India hundreds of years ago. I learn from my guru Nandita Behera. This costume, to create this dance, I took many feet movements from Odissi and added hand movements which symbolized the lyrics. Since the Reflections theme is Beauty is..., I found "What a Wonderful World" the perfect song since it describes Earth's natural beauty, things you can stare at forever. Beauty is everything described in Armstrong's song and more. To me, beauty is the trait something or someone has that is rather appealing to you – like the grace of the waves on the shore, the rich feeling when a cool breeze softly brushes against your face and the times you look down onto a vast colorful scenery of cities, lakes and fields. I was inspired to choreograph this piece since I heard about the Reflections Program.*

**SENIOR** **Kimberly Cronin** – Grade 12, Age 17  
Palisades Charter High School, District 10

### **Simplicity**

*The theme "Beauty is ..." was what ultimately inspired my vision, and my song choice was the driving force behind my dance choreography. I want to show through movement and setting that life's simple gifts are beautiful. The movement is minimal and pedestrian in places to show that beauty is seen through simplicity. That true beauty is the sun glistening on the water, the waves crashing to the shore, the sand between your toes, and the wonderful gift of dance.*

## Film & Video

**PRIMARY** **Priscilla Gardina** – Grade 1, Age 6  
Paradise Canyon Elementary, District 1

### **Beauty is Life**

*I was scared after the Station Fire because my house almost burned. When I saw green plants I was really happy.*

**INTERMEDIATE** **Emily Kuhn** – Grade 4, Age 9  
Harbor View Elementary, District 4

### **The Music and Magic of Crystal Cove**

*I chose Crystal Cove because the sea creatures excite me, and the ocean calms me. Each time I go, I marvel at the patterns in the rocks. The music in the background was being played by my good friend Rafael Bejarano. I asked him to play the huaca (a multi-chambered flute) because of its beautiful soothing melody, and how it complements the sound of rushing waves. Crystal Cove is the most beautiful place I've ever seen.*

**MIDDLE-JUNIOR** **James Sutton** – Grade 8, Age 13  
Santa Rosa Technology School, District 12

### **True Beauty**

*Whatever you believe, that's true beauty as artistically and individually presented.*

**SENIOR** **Chad Rabago** – Grade 11, Age 16  
Brea Olinda High School, District 4

### **Sole Mate**

*When I first heard the theme "Beauty is ..." I immediately thought of beauty being love and finding your one true love. However, I thought that this idea was kind of played out, so I got to thinking about how I could give a different perspective on what it's like to find love. I eventually thought of the idea of inanimate objects being able to have human feelings and emotions. The idea was appealing, of paired shoes being more than just matching things on your feet, but symbols of people struggling and finding their perfect mate in life. The beauty is that simple things in life, such as paired shoes, can mean much more when you look at it in a different way, and can even represent some of the strongest emotions in our heart, such as sadness and love. Beauty is ... finding your soul mate, in other ways than you might expect.*

# Literature

**PRIMARY** **Aaron Massey** – Grade 2, Age 7  
Terrace View Elementary, District 5

**Beauty Everywhere**

*I'm telling about beauty in some way, and I'm telling what beauty can do.*

Aaron's essay can be found on page 66.

**INTERMEDIATE** **Theresa M. Lane** – Grade 4, Age 9  
Monte Vista School, District 15

**Beauty is ...**

*Beauty is not just what you see on the outside, it is inside of you and how you treat other people.*

Theresa's essay can be found on page 66.

**MIDDLE-JUNIOR** **Troy Miller** – Grade 6, Age 11  
Walnut Creek Intermediate School, District 32

**What We Are**

*My paper is titled "What We Are" because the beautiful picture you see when you look at the world through a window way up high on a plane is really what we are. You don't see all the problems down on the ground – just the beauty of everything all blended together.*

Troy's essay can be found on page 66.

**SENIOR** **Victoria Greaves** – Grade 11, Age 16  
Los Osos High School, District 5

**Open Your Eyes**

*My poem illustrates various forms that beauty can take, both in nature and in people. It reveals the fact that beauty is apparent only to those who choose to see it.*

Victoria's essay can be found on page 67.

# Music

**PRIMARY** **Max Potruch** – Grade 2, Age 7  
Cowan Avenue Elementary, District 10

**Beauty is ... Right Outside My Window**

*I just had the idea of writing it. Nature is beautiful so I wanted to write about nature outside my window. My friend Tommy is nice, he's friendly and that's beautiful too. Beauty is right outside my window.*

**INTERMEDIATE** **Sophie Smith** – Grade 5, Age 10  
Franklin Elementary, District 33

**You Lift Me Up**

*"Beauty is ..." Whether you see beauty through the stars, sun or butterflies. Whether you discover beauty through love, laughter, joy, or happiness. Hopefully, my song, "You Lift Me Up," will inspire you to feel the beauty within yourself.*

**MIDDLE-JUNIOR** **Kylie McCall** – Grade 7, Age 12  
Shivela Middle School, District 23

**Music Changes Lives**

*I was inspired to create "Music Changes Lives" because music has changed my life. Every time that I've felt sad or even scared, I just turned on some happy music and felt better. This relates to the theme of "Beauty is ..." because I think that music is beautiful because it has the ability to change people's moods and sound amazing.*

**SENIOR** **Taylor Howe** – Grade 12, Age 17  
Huntington Beach High School, District 4

**Changes**

*Beauty is daring to make a difference, and daring to change for the better.*

## Literature

### **Beauty Everywhere**

**Aaron Massey**

Beauty is when you're on time for school.  
 Beauty is when you don't break a rule.  
 Beauty is to see a smile.  
 Beauty is to have recess for a while.  
 Beauty is when you pass a test.  
 Beauty is when you do your best.  
 You can find beauty everywhere you are.  
 You can find beauty near or far.  
 Beauty is wherever you go.  
 Beauty is high or low.  
 Beauty is to see a flower bloom.  
 Beauty can take away your gloom.  
 Beauty is in the trees.  
 Beauty is in their leaves.  
 Beauty can be here or there.  
 Beauty is everywhere!

### **Beauty is ...**

**Theresa M. Lane**

Beauty is more than just skin deep;  
 It's your inner star that shines  
 When helping others in great need,  
 And being loyal and kind.

It's picking flowers for the sick and old  
 Or rescuing a stray cat;  
 It's taking a stand and being bold  
 When a bully calls your friend fat.

It's helping your friend with her homework  
 And being on time to school;  
 It's saying "please" and "thank you"  
 And following the rules.

It's going to the beach  
 To pick up litter;  
 And winning second prize  
 Without being bitter.

It's accepting everyone as they are,  
 With their good points and their bad;  
 And not talking about friends behind their backs  
 And trying not to get mad.

It's welcoming others to be your friend  
 And greeting everyone with a smile;  
 It's trying to put others first  
 And going the extra mile.

### **What We Are**

**Troy Miller**

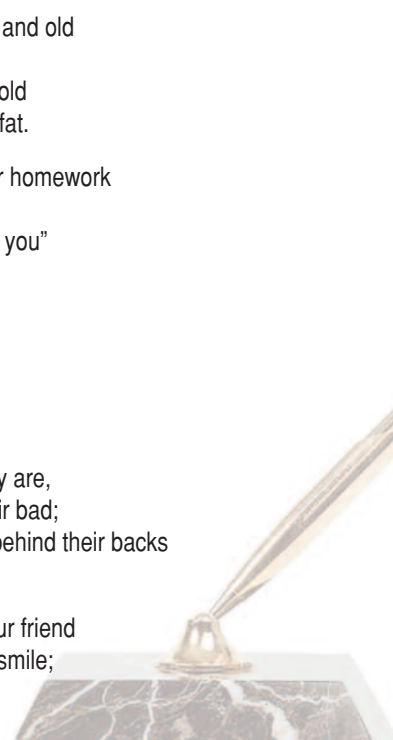

Two weeks ago I found myself staring out the window of a huge jumbo jet approaching 30,000 feet above the ground. I was flying by myself back home to the Bay Area after visiting my older brother at his school in Southern California. The man next to me wore his headphones the entire flight, so I had a lot of time to just quietly stare out the window. I saw the houses get smaller and smaller, the ocean blend into the land, and the clouds cover everything like a blanket. Like a light bulb suddenly, turning on, I realized while I was looking down at the world that everything looks so much more beautiful way up high than it does on the ground.

Small differences don't really matter if you look from far away. From my window, the people were the first things that started to get blurry. As the plane began to climb, I couldn't tell one person from another. It didn't matter what color hair they had, what type of clothes they wore, or what body type they had. All I could tell was that they were human. I couldn't make out what types of cars people drove because all the cars looked like ants. All I could tell was that they were transportation. The houses all looked pretty much the same. I could tell where the towns and cities were from the lights, but as the plane went up higher and higher, I could no longer even tell the boundaries. Then, the clouds covered everything, and when I looked down, I saw nothing but white.

It occurred to me that all the things people care about on Earth don't matter at all when they are seen from a great distance. So why do we care so much about how we look? Why do we think a lot about our hair, our clothes, and whether we're fat or thin? Is a person better just because he drives a Lamborghini instead of a station wagon? Does it really matter if you live in a mansion or a motel? My grandma says that when you get older, these things don't mean so much, and people wonder why they cared so much about them when they were younger. I thought about that when I watched the clouds cover everything in sight.

As I looked at the ocean and land peeking through the clouds, I understood that we're all connected to each other. Everything on Earth when looked at from up high blends together. The higher you go, the more this happens. I've seen pictures from NASA, and even the huge continents blur together with the oceans when seen from a spaceship. We're all human, we all live together, and we all want the same things in life: to be happy, eat good food, be healthy, and have fun. The little differences really don't matter looking out the window on a plane, and it's strange that they matter so much down below on the ground.

Ask yourself – so which is more beautiful: the view on the ground or the view from above? I think there's no comparison. The view from up high wins by a landslide because it shows how everything in life comes together to create a beautiful picture. This picture has nothing wrong with it and is simply natural. It's what we are.

*Open Your Eyes*

**Victoria Greaves**

Beauty is ...  
 Everywhere you look  
 If only you have eyes that see.  
 It greets your gaze each morning,  
 The sun breaking free of its icy captor  
 To send glorious rays darting across the skies.  
 It is in the moistened petals of a delicate flower,  
 The dew shimmering and reflecting light in your eyes.  
 It is in each moment of joy, in the smile of those you love.  
 It is in the bubbling laughter of the lighthearted children;  
 As they dance, a flurry of color and song fills the air.  
 Behold, beauty is right there in front of you.  
 How is it that you cannot see?  
 It was in her very presence; it radiated from her being.  
 As she swayed down the aisle, beauty was there for all to see.  
 Yet somehow it was lost; time and age have turned color to gray.  
 Beauty is ... everywhere except in the eyes of those who stop looking.  
 Her face is downcast, and her light begins to fade out of sight  
 The ring which once graced her left hand so elegantly dazzling,  
 Wrest from perfection amidst anger and spite, shed as a tear to the floor.  
 The children have ceased their dancing; their feet fall with heavy steps.  
 To this family, the sun rises into an icy sky; no warmth is felt from its light.  
 Who looks to those small, insignificant petals anymore, who cares for their dew?  
 When one can no longer see beauty, images are soon distorted for all.  
 Families are broken, homes ravaged, destruction far worse than a storm.  
 But hope still lives, that sun still rises, and as one has made his world ugly,  
 Only one is needed to rekindle the flame of beauty once again.  
 Beauty is ... a candle flickering in the darkness, illuminating the way.  
 All take joy in its warmth; anger and wrath fade into the shadows.  
 In its light all is exposed, and only truth can reign.  
 The rhythmic sway of the flame brings peace and calm  
 And soon many draw near, the golden light reflected in their eyes.  
 These are eyes that glimmer and shine; they can once again see.  
 They shine their passion and joy much like the candlelight;  
 Fire fans into a mighty flame that all shall soon perceive.  
 Beauty is not meant to hide; it is always in the light.  
 That great sun rises, and with it, a choice for you  
 Can you bear to look to that fiery light?  
 In a world that is so often blind,  
 Will you choose to see?  
 Do you know what  
 Beauty is ...

- In tribute to a person who already has received an Honorary Lifetime Membership, Honorary Service Award, Continuing Service Award or Golden Oak Service Award;
- In tribute to an organization or group of people for service given; or
- In memoriam.

**The California State PTA will present  
Honorary Service Awards  
during the General Meetings.**

## 2010 SPOTLIGHT AWARD RECIPIENTS

This award was formerly known as the My PTA/PTSA Award. The name was changed to reflect the new realities facing local units and councils. This program recognizes the achievements of local units and councils in familiar and new categories. Applicants may apply in multiple categories, including; Leadership Development, Student Support and Achievement, Environment, Family Involvement, Membership and Outreach, Collaboration, and Advocacy. To be eligible, a unit must be a member of the Chairman's Club in the year in which the award application is submitted.

### COUNCILS

#### **Membership and Outreach**

Torrance Council of PTAs, Inc., Thirty-Third District

This council participated in its district's DELMAC (District English Learner Multicultural Advisory Committee) Open House. Information was presented in nine languages. When council members realized that their Japanese families were underrepresented, they undertook the project of having the California State PTA brochure "Involvement Makes a Difference" translated into Japanese. This project compliments their Membership theme: "Building Community Unity."

#### **Family Involvement**

Fremont Council PTA, Peralta District

Peralta Council members saw the need for parent education to reach more families. They organized a two-part parent education series, Parenting: Personality and Family Dynamics, presented by a licensed marriage and family therapist. They offered these workshops free of charge, instead asking families to bring non-perishable food, diapers and socks for a local domestic-violence shelter. The attendance was very good with both parents and teens from 26 different schools attending.

#### **Student Support and Achievement**

Corona-Norco Council of PTAs, Twenty-Third District

"Teaching our students at an early age how to become leaders ..." is the philosophy of the Corona-Norco PTA Council. Its Red Ribbon committee, which is comprised of more than 50 percent students, is chaired by a student. It is its responsibility to organize the Red Ribbon event and to deliver the Red Ribbons to all of the schools in their council, including private schools. In addition, students sit on the Unity Student Board, American Cancer Society Board and the school board has a student member. Student leadership activities continue throughout the year.

#### **Collaboration**

Lake Elsinore Council PTSA, Twenty-Third District

Good communication between parents, principals and the superintendent was the goal for the Lake Elsinore Council PTSA. To achieve that the superintendent and the council president together created a Principal/President's Pledge. This pledge outlines the expectations that presidents and principals have for their leadership teams. This pledge hangs in every principal's office and is in the PTSA president's procedure book.

#### **Environmental**

Torrance Council of PTAs, Inc., Thirty-Third District

To combat the problem of E-Waste, Torrance Council organized a city wide "E-Waste Donation Day". They promoted the activity throughout their council and at city council meetings, chamber of commerce and public libraries. The event was very successful and it has become an annual event.

#### **Leadership**

Capistrano Unified Council of PTSAs, Fourth District

Developing qualified leaders is imperative to the health of the organization. Capistrano Unified Council PTSA developed a monthly schedule of important topics that council members wanted to review with their presidents. The topics are relevant to their calendar of events. They restructured their monthly meeting into two parts: the President's Roundtable and the business meeting. In addition to the presidents, they invited the appropriate executive board member from the unit to the workshops. This strengthens not only the council leadership but the unit's as well.

## **Membership and Outreach**

San Juan Hills High School PTSA (4th)  
Capistrano Unified Council of PTSAs Council

San Juan Hills High School PTSA found a need to develop a diversified membership and to reach out to all families. They developed a goal to meet that need. Their outreach efforts included new collaborations and they were successful in bridging potential barriers and trust issues. Their membership increased by both numbers and diversity.

## **Family Involvement**

Los Cerritos Middle School PTSA (12th)  
Conejo Council

“Pitch in and Make a Difference” is a well chosen theme for the Los Cerritos Middle School PTA. When they say how the downturn of the economy was affecting the families in their school, they decided to do something about it. They held a Charity softball game to benefit MANNA. MANNA is a non-profit food bank that helps families in the Conejo Valley. 100% of the proceeds went to the food bank. They enlisted another local middle school to join them in their efforts. Besides helping the food bank, they created a community bond amongst the parents, students and teachers. This sense of community lead them to also hold a successful blood drive.

## **Student Support and Achievement**

Dana Hills High School (4th)  
Capistrano Unified Council of PTSAs Council

After the tragic death of one of their students, Dana Hills High School PTSA decided that things needed to change. They worked with the staff and students to bring awareness of the consequences of bullying. They created “Blue Ribbon” week to take a stand against all types of bullying. On the first day of the Kick off, the students were greeted with blue ribbons and balloons. The students prepared a “quote for the day” making a stand against bullying. The quotes are included in the morning announcements. They held a Parent/Student Education Night on the subject, “What is School Really Like”. They posted posters stating the Six Pillars of Character throughout the school. Teachers and Staff gave out blue tickets to students who were caught “doing good”. There was a drawing at the end of the semester.

## **Advocacy**

Thomas A. Edison Elementary PTA (1st)  
Burbank Council

Thomas A. Edison PTA members embarked on an advocacy campaign to correct a dangerous situation, after years of city officials refusing PTA’s requests to provide a crossing guard at a busy six-way vehicle intersection combined with an additional two-way crossing for bicycles and pedestrians (all protected only by stop signs) near their elementary school, and several close accidents involving children crossing the street for school. PTA leaders were able to demonstrate that this was a unique type of intersection that warranted an exception to state guidelines cited by the city. Over several months, petitions, testimony at traffic commission and other public meetings, rallies and press coverage were all employed successfully, and the city council unanimously approved funding for a crossing guard. As a result, more parents now are walking

their children to school, and traffic violations are down significantly. Children involved in the advocacy effort also witnessed a civics lesson personally. This is a great example of how grass-roots advocacy and persistence can make a difference for children.

## **Collaboration**

Dana Hills High School (4th)  
Capistrano Unified Council of PTSAs Council

To combat the problem of teen drinking, the Dana Hills High School PTSA joined with local civic groups and started an Underage Drinking Awareness Program: Minor Drinking, Major Problems. The first stage of the program was merchant education. Merchants in the area received an educational packet and the opportunity to attend

“Responsible Beverage Service” trainings. They held an Underage Drinking Town Hall meeting where students and parents were invited.

## **Environmental**

Oso Grande Elementary (4th)  
Capistrano Unified Council of PTSAs

This PTA used its school colors and the mascot, the grizzly bear, to create an environmental theme, “Blue and Yellow make Green Grizzlies”! To eliminate the school fliers sent home with the students, representing more than 20,000 pieces per month, PTA members made their website their main source of information. The website is updated every week. In addition, they encourage the use of “Go Green Lunchboxes,” which have washable inserts so they may be re-used. They have competitions for the class that collects the most water bottles. As part of their literacy week, they recycle books in a book swap. They are well on their way to becoming a truly “Green” school.

## **Leadership**

Flory Academy of Science and Technology PTA (12th)  
Moorpark Council PTA

While attending the 2009 California State PTA Convention, the delegates from Flory Academy of Science and Technology PTA realized that to obtain everything they wanted for their school, they would have to develop a leadership plan. At their ice cream social they surveyed the parents on what they wanted for programs, fundraising and, most importantly, what goals they wanted to set. They developed a better communication model by using the Internet as the primary means of communicating with parents. They recruited parents to take positions as chairmen. They created a document which categorized each committee as administrative, fundraiser or program. This helped clarify what is required for each committee. The attendance at their monthly meetings has doubled.

## 2010 MEMBERSHIP AWARDS

The Membership Challenge for units, councils and districts for 2009-10 was a 5 percent growth in membership. The certificates for those units and councils who earned that recognition will be mailed to district PTAs to distribute in the beginning of May.

The names of the qualifiers for the annual challenge and the president's midyear challenge of "+10 in 2010" (for units that added 10 more members since the beginning of 2010) will be scrolled on the screens during a convention general meeting.

Neither the Membership Challenge nor the "+10 in 2010" midyear challenge qualifiers will be known in time to be included in this program book because they are based on membership remittances sent through channels and postmarked by March 31.

The following units earned either one or both of the Early Bird and Chairman's Club awards, so designated by EB and CC, respectively, after their names.

Congratulations, and thank you!

### Early Bird = 2,048 Units

### Chairman's Club = 2,043 Units
